PRESS RELEASE

Northfield Village Leaf Pick-up Schedule 2018

The Village of Northfield leaf pick-up schedule is to begin October 29th and continue to November 21st.

The Service Department Superintendent, Jason Walters asks for residents to follow these guidelines for leaf pick-ups:

- * Leaves are not to be placed in the street.
- * Leaves should not be near a drainage ditch where they will cause flooding if they block the water.
- * Sticks, twigs, rocks, grass clippings, trash and other materials are not to be placed in the leaf piles. This will clog the leaf machine and delay further pick-ups. If these types of debris are found in a pile, service department workers ***will not collect the rest of the leaf pile and will not return for those leaves.***
- * Place leaves no farther than 3 feet from the edge of the roadway, this way the hose can reach the leaf piles.
- * Place the piles of leaves in long wind-rows on tree lawns or street side, not in tall piles.
- * ***Make sure the wind-rows of leaves are at least 10 feet away from any obstructions such as: fire hydrants, utility poles and mailboxes. As these obstructions make leaf pick-ups more difficult and time consuming.***

The Service Department will pick-up leaves as follows:

Time frame for leaf pickup is October 29th - November 21st.

Pickup will start on the east side of the Village and once this side is complete they will then move to the west side of the

Once we have completed a street, we will not return. If a resident still has leaves, he or she should bag them for rubbish pick-up. Bags should not weigh more than 40lbs. Every home should have their leaves out by the 1st day of the dates listed above for that ward.

Please check the Village message board in front of the Village hall periodically for information, contact the Service Department at 330 468 4363 or stop at the service department at 199 Ledge Rd to pick up the leaf schedule.

Please realize that the leaf pickup program is a tremendous expense to the Village, and is done as a courtesy to the residents.
