I understand that the Village will plow my driveway **only once within a 24-hour period**.

I understand that parked vehicles and/or driveway-side awnings may prevent the complete plowing of my driveway.

## **Snow Plowing - Mailbox Policies and Procedures**

It is the responsibility of each resident to ensure that their mailbox is sturdy enough to withstand snow and slush being plowed off of the road by Village trucks.

As Winter approaches, the Service Department asks residents to examine their mailbox and post to determine if it is stable and sturdy enough to withstand the snow and slush being plowed off of the road by Village trucks.

The Village is not responsible for damaged mailboxes that are the result of plowed snow and slush, boxes that are too closed to the street as defined by postal regulations, or boxes that were not sturdy to begin with. The Service Department will only replace a mailbox that has evidence that it was physically struck by a Village snow plow. The Village has the right to judge whether or not mailbox damage was caused by a snow plow truck or not.

Thank you for your cooperation and if you have any questions you can contact the Service Department at 330-467-7139 x20..
