What is the Northfield Village Neighborhood Block Watch?

The Neighborhood Block Watch is citizens and police working in partnership to reduce crimes and improve the quality of life in our neighborhood. It is a cohesive body of concerned

citizens addressing issues that concern the entire community and neighbors getting to know each other, taking the time to care about each other and working together in a program of mutual assistance.

Whether you live in a high crime area or not, a comprehensive Block Watch Program holds many rewards for your family and neighborhood. Watch programs instill a greater sense of security and reduce the fear of crime in your community.

The residents that live in an area know the needs of the area better than anyone. By communicating with each other and working together as a team, your community can make a difference.

Some benefits of the Block Watch are:

1. Reducing the risk of becoming a victim of crime.
2. Being better prepared to respond to suspicious activity.
3. Information that impacts your neighborhood.
4. Obtaining Neighborhood Watch signs to post in your neighborhood.
5. Knowing your neighbors.
6. Reducing the fear of crime and making your neighborhood more livable.
7. Allowing other area of concern to be addressed.
